

# International Journal of Bioscience, Biochemistry and Bioinformatics

## CONTENTS

---

---

### Volume 2, Number 5, September 2012

- Development of a Medical Expert System as an Expert Knowledge Sharing Tool on Diagnosis and Treatment of Hypertension in Pregnancy.....297  
*J. Gudu, D. Gichoya, P. Nyongesa, and A. Muumbo*
- Cost-Effective EEG Signal Acquisition and Recording System.....301  
*Sabbir Ibn Arman, Arif Ahmed, and Anas Syed*
- Three-Dimensional Numerical Analysis of Pulsatile Blood Flow around Different Plaque Shapes in Human Carotid Artery.....305  
*Absaar Ul Jabbar, Rana Usman Ali, Khalid Parvez, and Umar H. K. Niazi*
- Cost-Effective Expression and Purification of Recombinant Venom Peptide Mastoparan B of *Vespa Basalis* in *Escherichia Coli*.....309  
*Chi-Cung Peng, Jia-Yang Hong, and Wu-Chun Tu*
- Effects of D-Tagatose and Inulin on Some Physicochemical, Rheological and Sensory Properties of Dark Chocolate.....314  
*M. Shourideh, A. Taslimi, MH. Azizi, and MA. Mohammadifar*
- Comparison of Thermogenic Effect between Meals Containing Protein Predominantly from Animal and Plant Sources.....320  
*A. Fahmy Arif Tsani, Myung-Hee Kim, and Eun-Kyung Kim*
- Yield, Keeping Quality, Antioxidant Content and Some Nutritional Aspects of Selected Accessions of *Amaranthus Tricolor*.....324  
*P. Malathy, D. D. Suraweera, W. A. M. Daundasekara, W. D. G. P. Nilanthi, and K. B. Wahundeniya*
- Analysis of Stiffness in Extracellular Matrix Embedded with Bio-Conjugated Magnetic Beads in a Magnetic Field.....329  
*Yue Du, Sahan C. B. Herath, Qing-Guo Wang, Harry Asada, and Peter C. Y. Chen*
- Isolation and Characterization of *Bacillus Subtilis* KC3 for Amylolytic Activity.....336  
*Vijayalakshmi, K. Sushma, S. Abha, and P. Chander*
- Cloning and Characterization of Resistance Gene Analogues (RGAs) from *Piper Nigrum* L. cv. Semongok Aman and *Piper Colubrinum* Link.....342  
*Lau Ee Tiing, Hwang Siaw San, Lily Eng, and Paulus Amin Det*
- Effect of Mixed Microbial Culture on Fermentation of Beverage Residues and the Effect of the Fermented Beverage Residues on in Vitro Rumen Fermentation and Methane Production.....349  
*N. D. Senevirathne, T. Okamoto, J. Takahashi, K. Umetsu, and T. Nishida*

Hepatoprotective Effect of Garlic Homogenate Co-Administered with Anti-Tuberculosis Drugs in Rat Liver Enzymes.....	354
<i>Nasiru A., Hafsat. I. G., Mohammad M. M., and Sabo A. A.</i>	
Identification and Analysis of Disease Target Network of Human MicroRNA and Predicting Promising Leads for ZNF439, a Potential Target for Breast Cancer.....	358
<i>Vaijyanthi Raghavan and D. B. Manasa</i>	
Endothelialization of Acellular Porcine ECM with Chemical Modification.....	363
<i>Yao Wang, Tomer Bronshtein, Udi Sarig, Freddy Yin Chiang Boey, Subbu S. Venkatraman, and Marcelle Machluf</i>
